Claims 14-32 are allowed over the prior art of record and in light of applicants' arguments.

The amendment filed on 06/15/05 has been entered.

The following is an examiner's statement of reasons for allowance: although http, SMTP, and POP3 protocols or processors are well known in the art, the prior art of record fails to specifically recite the particular use of the combination of a first interface that is controlled in accordance with a http protocol while the second interface is controlled in accordance with a SMTP protocol. Similarly, SMTP processor controls communication with the Internet facsimile apparatus and http processor controls communication with the server. Furthermore, a processor produces command data for the server based upon e-mail data received from the Internet facsimile apparatus and a communicator that transmits the command data produced by the processor and the email data received from the Internet facsimile apparatus to the server under the control of the http processor.

All the other claims contain similar languages with a slight variation of specific protocols and/or processors.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Frantz B. Jean whose telephone number is 571-272-3937. The examiner can normally be reached on 8:30-6:00 M-f.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Zarni Maung can be reached on 571 272 3939. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
